THIRD MURDERER IN EXSHAW CASE NOW IN CUSTODY

GEORGE HILL.

He probably will be the next chief of police of Edmonton. The picture shows him in civilian attire as snapped in front of Assiniboia Police Headquarters, St. James, Manitoba, where he now is chief of police. St. James is the largest suburb of Winnipeg and has a population of about 20,000.

Acting on Instructions From Attorney General's Office Police Effect Arrest.

THREE MEN WANTED FOR CASHIER'S DEATH CAUGHT Province Pays Expenses of Prosecution in Alleged Oil Fraud.

Word was received by the attorney-general's department this morning that the third man wanted in connection with the murder of Jack Wilson, chief clerk at the Canada Cement company's plant at Exshaw, Alta., has been captured by the Calgary city police. One of the criminals was caught directly after the murder, being shot in the leg while he was attempting to escape. The other two got away from their pursuers, but one was caught a day or two later and now the third is in custody.

Immediately the case was reported to the department of the attorney-general for the province the department informed the police that no expense was to be spared in the attempt to bring the escaped criminals to justice, and acting on the instructions thus given, a thorough search has been made of the whole country.

It will be remembered that the murder took place a week ago last Friday, as Wilson and another clerk named Gordon were conveying to the works the monthly wages of the employees amounting to \$2,314. The clerks had just left the station with the money and were rounding a box car when they were met by three strangers, two of whom drew guns. While these two covered the clerks the third made for the bag Wilson was carrying. It is supposed that Wilson, who carried a gun, was about to draw it, when one of the gang opened fire and shot him through the head. The holdup men escaped from the scene by crossing the river on a raft.

The attorney-general's department is also paying all the expenses in connection with the case.

Million Dollar Deal in Vermilion Valley Land Will be Means Faster Development

One of the most important real estate deals ever put through in Alberta has just been negotiated by James A. Powell, the well-known broker and owner of large tracts of farm lands, who sold for Powell and Lines about 70,000 acres of land in the Vermilion valley, on the Canadian Northern railway, east of the city. The deal involves approximately \$1,000,000, \$200,000 of which is understood to have been paid in cash, and the balance in five years. J. M. Hort, of Chicago, and G. M. Draper, of New York, are the purchasers. The deal is important not only from the amount of land and money involved, but very much so because it is the intention of the purchasers to colonize it with experienced and well-to-do farmers from the United States. The tract of land turned over comprises one of the richest and best farming districts in all the west. It is especially suitable for dairying, live stock raising and mixed farming and, in addition to the main line of the Canadian Northern, will be served by several branches of that line and other roads of which the province government has guaranteed the bonds, provided they are built within a certain time. The land sold lies on both sides of the Saskatchewan river and is well drained by that and other streams. Water and shade are plentiful, and clearing is very light or entirely unnecessary.

The taking over of the tract by the American capitalists will mean, with their connections, that this district will feel the benefits which accrue from a large influx of people, and will come there to make the money which Alberta offers to the diversified farmer. Very few large tracts of land remain in the west. Powell and Lines still own about 25,000 acres in the Vermilion valley district, however. Among the railways which will tap the district are the C.N.R. North Battleford-Edmonton branch, the line from St. Paul de Metis to Edmonton, the branch from Bruderheim to Vermilion, the Alberta and Great Waterways, and another road from Vermilion to Fort McMurray.

Mr. Hunt will also retain the office of inspector of legal offices. Since he assumed his office improved systems of auditing and accounting have been introduced in connection with the land title office, sheriff's office and court offices of the province. The recent sheriffs' convention was a unique gathering at the Parliament buildings, and under the presidency of Mr. Hunt, accomplished much useful work. Mr. Hunt has acted as law clerk of the legislature during the past two sessions and in that capacity has had an important influence in shaping legislation.

LARGE PERCENTAGE OF CITIZENS LIVE IN EAST SECTION

The latest compilation of the census department shows that there is nearly 80 per cent. more residents east of First street on the north side of the river, than west of that street. Of the 50,229 persons residing north of the river 18,139 live east of First street, while 12,480 are in the west portion of the city.

OIL DERRICKS WITHIN VIEW OF EDMONTON

Extensive Operations Five Miles Southeast of City on Fairholme Property.

NEW COMPANY LOCATES TRACT AT ATHABASCA Winston Churchill Expressed the Hope of Oil Discovery in Canada.

Oil derricks are now popping up within close proximity to Edmonton. The latest is that of Campbell Brothers and Chamberlain, who are busy drilling for gas or oil some five miles east of the city a short distance north of the Wyse road on the south side. An 88 foot derrick has been erected and already about 1,000 feet of 10-inch casing has been put in.

The well was started with a 15-inch hole and later 12 inches, and the drillers expect to go still farther down with a 9 1/2 inch hole. These operations are taking place on the Fairholme property on section 26, township 52, range 23, west of the fourth meridian. Indications of gas were noticed from a 60 foot artesian well and this led to the belief that with expert deep drilling, more gas or even oil might be discovered, thus the work is being pushed as rapidly as possible.

North Company Locates. Indications of oil north of Edmonton continue to be such that new companies are continually being added to the already long list of companies now in the field. One of the more recent of these is the Moose Lake and Athabasca Oil company, limited, whose holding of a 2,000-acre tract, 40 miles up the river from Athabasca, promises to be one of the best ventures of the northern field. Their property is located where two great anticlines, one from the northwest and one from the northeast are said to converge. The authorized capital of the company is \$20,000, divided into 500,000 shares, and it is stated that all money received will be used for the purpose of developing the tract.

(Continued on Page Three)

McArthur Pays More For Goods From Winnipeg

Although Money Obtained Because Alberta's Credit Pledged for Bonds, Apparently Account of Outside Influences, Contractors Buy Material and Supplies in East, When Better Prices Rule Here—Local Merchants and Manufacturers Refused Privilege of Tendering—Grouard Side-Track by Main Line After Appeal to Ottawa—Enough Idle and Willing Men in Province to Build Lines in Hurry—Money Drawn From Banks as Work Goes On.

Edmonton is the gateway and natural distributing center for the largest and richest territory now being developed in the world. That is one reason why Edmonton does not feel the effects of the financial stress which has been experienced during the past year of so to such an extent as most other cities did. On the contrary, this city grew and progressed fast and substantially all through the period of money stringency.

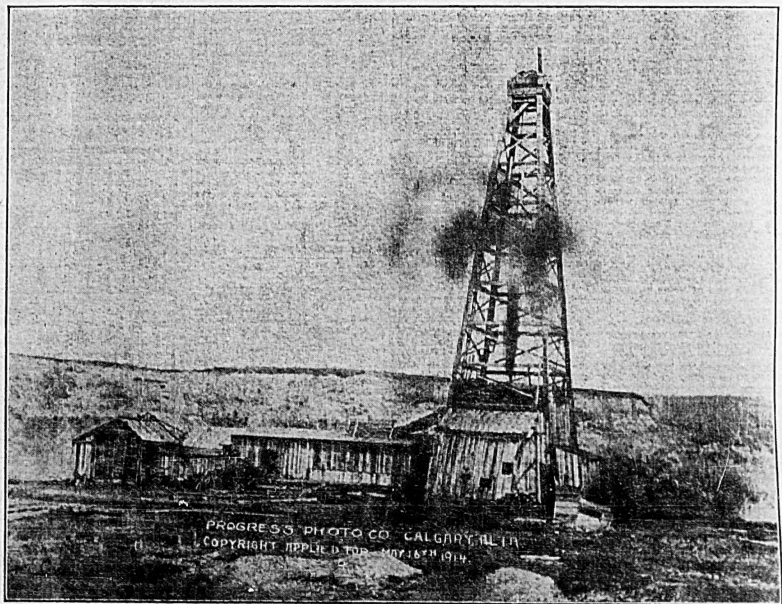

At the same time there has been a general feeling among the whole sales, manufacturers, working men and others that Edmonton and this part of Alberta has not felt what should have been the beneficial effects of the enormous amount of railway construction, immigration, agricultural mining and other developments which have been and are being carried on in the northern and central portions of the province. The feeling also is prevalent that the city and province are not yet feeling it and that something should be done regarding it.

As one need only to look at a map of the country to see that this city should be the center of operations for all this development and the need to reap most, if not all, of the benefits therefrom, as such seem not to be the case; and as there might prove to be remedies at hand for these conditions, the Capital has, during the last few days, made some investigations as to the probable causes and possible remedies for same.

After interviews with employment agents, wholesale merchants, engineers, supply men, contractors and others, evidence has been adduced which goes to show that practically all the material and supplies for the construction of the Edmonton, Dunvegan and B.C. and the Alberta and Great Waterways railways is being shipped from other cities through Edmonton to the north.

GUSHER AT THE DINGMAN WELL ON MAY 16.

PROGRESS PHOTO CO. CALGARY, ALTA. COPYRIGHT APPLIED FOR MAY 16, 1914

RELATIVES OF LOST AWAIT THE ACTION OF BOAT'S OWNERS

Body of Salvation Army Captain's Little Daughter Washed Ashore.

CHILDREN PRESENT FLORAL OFFERINGS

Public Anxious to Learn Proposed Disposition of Ill-Fated Vessel.

Quebec, June 4.—Over eight hundred bodies are entombed in the sunken Empress of Ireland. Interest here now centers in the disposition of the submerged hull. The official announcement of the names of saved and lost and the report late last night from Captain Poirer of the government steamer Lady Gray that careful cruising of the waters for miles below the scene of the disaster has failed to find further dead, has been followed by keen public anxiety to learn the plans of the authorities as to the disposition of the ill-fated vessel. Many relatives here have failed to identify their lost among the bodies already taken from the waters will decide what action it will take.

Child's Body Found.
The remains of the little girl who was washed ashore at Metta Beach, some 14 miles below the Empress, reached here this morning. The child is a beautiful girl. There are no bruises on her body. The cause of her appearance is in striking contrast to the pallor of the other bodies recovered. The officials believe the remains to be those of the daughter of Frank Brooks, a Salvation Army officer of Toronto.

When the little coffin was opened it was found that a bouquet of forget-me-nots had been placed in the dead child's hands, with a card written in round, girlish hand: "Kindly accept my kindest and sincerest sympathy; may she rest in peace. If identified I would like to know."

It was signed by Ellen Turley, the 15-year-old girl who found the body on the beach. Across the little form, too, there was a wreath of lilies of the valley, evidently woven by the pathetic amateur hands, attached to which was a note pencilled: "As a token of respect from those who found her."

Identification Fails.
The body thought to be that of Mr. W. Stork of Brampton to be that of his sister-in-law, Mrs. J. L. Stork, a passenger on the Empress, was found to be that of someone else. Mr. Stork had secured a complete diagram of the month from his monthly salary, dentist and engaged a Quebec dentist to examine the mouth of the dead woman. It was then found that the latter was not Mrs. Stork.

Killed by Train.
Young Man, Manitoba, June 4.—A young man, William, son of A. L. Iselwiler, of Lac du Bonnet, was struck and killed by a westbound freight train yesterday.

She Was in Bed For Seven Weeks Then Dodd's Kidney Pills Cured Madame Berube.

Montreal Lady tells how, after four years' illness, she found a Complete Cure for Her Troubles.

Madame J. Berube, residing at 1293 Logan Avenue, Ahia city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills.

"I had a pain in my left side about the heart," Madame Berube says in her statement. "I suffered constantly with headache and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills."

"After the first box I was some better. I continued to use Dodd's Kidney Pills till now. The palpitations have left me, and I am a well woman, able to do my work. Dodd's Kidney Pills cured me and I recommend them to all persons who suffer as I did."

ASKS WHEN WILSON WILL TAKE ACTION TO SUPPRESS ANARCHY

London, June 4.—The Times, in an editorial discussing the possibility of the failure of Mexican mediation, asks: "Should that unfortunately occur, will President Wilson continue his policy of watchful waiting, and further, how long will the American people tolerate that policy before adopting the remedy which the sense suggests, of action to suppress anarchy in Mexico?"

SUFFRAGETTES NOW SERIOUS PROBLEM IN OUR COUNTRY

Convinced Only Force Will Achieve Ends, They Renew Vigor.

PRISON NO LONGER HAS ANY TERRORS

Consider taking Action Against Those Who Subscribe to Funds.

London, June 4.—How to deal with the growing menace of the militant suffragette agitation is becoming a problem of tremendous import not only for the government but for the community at large. All efforts of the well wishers to persuade the militant suffragettes to desist from advancing the cause have been in vain. They are convinced that nothing but force will achieve their aims, and they have been applying themselves with renewed vigor to out-rages.

Yesterday's list included the house whipping of the deputy governor and medical officer of Holloway jail, the partial destruction of two valuable pictures, an assault upon two editors and the setting fire to a house at Belfast. And this takes no account of the daily petty annoyances in the shape of window breaking, the upsetting of political meetings, disturbances in churches and all theatrical and night performances.

The additional cost to the community for police and against threatened out-rages is becoming enormous, to say nothing of the actual damage done.

Prevention For Race Meeting

The elaborate precautions taken for the Derby are being repeated for the coming week. The line has been erected and a special water supply has been installed. Extra precautions have also been taken in the way of police protection.

Prison, since the adoption of the hunger and thirst strike, has no longer any terrors for the militants, and judicial proceedings have been rendered almost futile. After a few days in prison the convicted suffragettes are again, planning and executing fresh out-rages.

Max Emmanuel Panthurst now occupies a house overlooking Buckingham Palace, and the force of police within the palace grounds has been increased. The king has covered his daily morning car in Hyde park, on account of militant activity. It is understood that the law officers of the crown are considering whether action can be taken against the subscribers to the funds of the Women's Social and Political Union, a complete list of which was seized at a recent raid on the Kingsway offices.

Could Take Civil Action.

It is suggested that if a charge of criminal conspiracy can be sustained against any persons, any person who has suffered damage would have the right of civil action against the subscribers, jointly or severally, for damages.

In this connection, however, it must be remembered that the suffragettes have strong financial supporters in the very highest ranks of society.

According to the Daily Mail, the police have received information of a suffragette plot against the safety of Prince Henry, the King's third son, who is now at Eton. Scotland Yard is taking a serious view of the matter and has sent special detectives to Eton to guard him.

Suggests Special Act.

London, June 4.—The serious development of out-rages by the militant suffragettes during the past few days with their main plot this morning. The Daily Express, fearing that the crowds in the streets will soon take the law into their own hands, of which there are now present indications, declares that the passage of a special act of parliament imposing the full penalty of penal servitude or of deportation upon these "wild women" can only save the country from becoming involved in a war in which innocent women will suffer far more than the militants.

FIRE ARMS GO OFF UNEXPECTEDLY AND KILL BOY AND GIRL

Lethbridge, June 4.—The accidental discharge of a shot gun yesterday, by Gordon Young, a 15-year-old boy, in the park of the house on a ranch south of Raymond, resulted in the death of L. H. Dudley, the 10-year-old daughter of C. H. Dudley.

Yemen, June 4.—Arthur Stroed, aged 8, son of W. C. Stroed, was accidentally killed yesterday by his brother, aged 12, when the two boys were examining a rifle that had been bought for them to play with.

FRANCE PREPARES NEW MINISTRY TO REPLACE THE OLD

President Poincaré Requests Minister of Public Instruction to Draw Plans.

THREE PROMISE TO TAKE PORTFOLIOS

Minister of Finance, Interior and War Have Been Selected by Cabinet Makers.

Paris, June 4.—President Poincaré today requested René Viviani, minister of public instruction, to form a new ministry to replace that headed by Premier Doumergue, which yesterday resigned office.

M. Viviani, as was customary, asked for time to consult with his friends, promising a formal reply tomorrow. It is almost certain that he will accept, and it is considered likely that he will at the same time be able to submit a list of ministers. Three already have definitely promised to take portfolios—Luis J. Naby, interior; Joseph J. R. Naby, finance; Adolphe Messier, war. It is probable that other Leon Bourgeois, Jean Dupuy will take the head of the foreign office. M. Viviani retains his present position in the cabinet.

The new minister's program has not yet been fully drafted, but it is known that while the three young military men will be rigidly adhered to, an attempt will be made to conciliate the opposition by the introduction of a compulsory system of military instruction so that recruits, prior to taking service will have been trained up to a certain limit, with the object of diminishing the length of service, with a modification of the international situation justify this.

The prospective cabinet also favors the early issue of a large loan, probably at 2½ per cent, but carrying no guarantee of indefinite exemption from the income tax and will seek to reach a compromise with the senate on republican representation.

HINDUS, ON SHORT RATIONS, CONSIDER A HUNGER STRIKE

Would-Be British Columbians on Komagata Marie Are in Predicament.

Now Eat Nothing But THE FISH THEY CATCH

Send Messages to King, Governor and Viceroy—Officials Expect Trouble

Vancouver, June 4.—Affairs on the steamer Komagata, which has been running short. The crew of the ship, of course, have abundant supplies, but the passengers, it is said, have been put on short rations lately. It is understood that they have no money left to buy fresh stores, and it is reported that the master of the vessel and the agents are unwilling to furnish them.

With this condition of affairs staring them in the face, Girid Singh and his followers held a meeting last night and decided to go on a hunger strike. The statement has been made that the Hindus on board have been going to eat during the last few days except the fish they caught. Yesterday Girid Singh sent telegrams to the king, the governor-general and the viceroy, asking them to order that the Hindus were starving and asking for help.

Those on board are being edged on by a fanatical priest and they are ready for anything. A hunger strike will provide the immigration officials with a lot of trouble. To feed such a crowd forcibly would be impossible and they cannot be allowed to starve.

THINKS CREW OF KARLUK POSSESS SUFFICIENT FOOD

Fairbanks, Alaska, June 4.—Advises from St. Michael say that Capt. W. H. St. Michael, the St. Michael Arctic ship Karluk, is confident that the crew which is stranded on Wrangell Island, has sufficient provisions and fuel to last until the relief ship reaches them.

Captain Bartlett, who made his way over the ice from Wrangell Island to the Siberian coast with one Eskimo and a dog team and thence was carried to St. Michael by the whaler Herman, expects to sail from Nome to St. Michael on the first steamer. He says that the Karluk crew, by a long haul 60 miles north of Herald Island, June 18. The men provisioned sledges and fought their way over the ice to safety.

B. C. Fruit Corp. Heavy.

Vancouver, June 4.—The fruit crop for British Columbia for 1914 is now practically certain to be equal in quantity to that of 1913 by about 25 per cent. The fruit crop will be heavy," declares R. M. Winlow, the head of the horticultural branch of agriculture.

LED TO DEATH Tried to trim a wart with a razor and severed an artery. The only wart cure is "Putnam's," which removes warts, corns, callosities in one day. Insist on getting Putnam's and Wart Extractor, it's the best, 25c at all dealers.

DRUNKENNESS IS DUE TO DISEASE SAYS MINISTER

Speaker at Anglican Synod Asks for Amendment to Inebriety Laws.

"GO GENTLY," IS ADVICE OF HON. G. R. COLDWELL

Compulsory Treatment in Hospital or Asylum is Plan Suggested.

Winnipeg, June 4.—The afternoon session of the Anglican synod of Rupert's Land was marked by a warm discussion introduced by Rev. H. G. Broughall, asking for investigation of the matter of drunkenness in the province of Manitoba, and urging the synod to do something to try to get amendments to the present law regarding inebriety.

Rev. G. R. Coldwell interrupted the speaker and asked: "Why single out drunkenness? Are there not other evils to investigate?"

"This looks like a very sinister thing," said Mr. Coldwell. "You are touching a very delicate question, because of the position I occupy I should not say much but this is a question upon which I should advise the synod to go gently."

At this point the archbishop called the synod to order, as it was after the time for adjournment, and the debate was adjourned until next session.

Rev. W. G. Broughall, in the course of his speech, condemned the present system of punishing drunkenness. The fine of three dollars and costs, or seven days, was useless. The speaker said that the present law was a provision should be made for compulsory treatment in hospital or asylum.

He also declared that improvement should be made in regard to punishing men for selling drink to drunken men. This law was not enforced, he declared Mr. Broughall.

In the motion of Rev. Douglas Higgs, Brandon, it was decided that the parochial year, in future, should correspond with the civil year, instead of the year of the church.

It was also decided to request the general synod of the Anglican church, which meets in Vancouver in September, to adopt a system that would be applicable to the whole dominion in relation to provision and funds for the widows and children.

CAR COLLIDES WITH AUTO MONREAL WITH FATAL RESULT

Mrs. Emile Robillard and Her Daughter Are Instantly Killed.

FOUR OCCUPANTS IN MOTOR AT THE TIME

Father and Son However Escape With Injuries—Motorist Also Hurt.

Montreal, June 4.—A street car smashed into the automobile owned by Mrs. Emile Robillard, 145 Hampton street, at the intersection of Atwater avenue and St. Anne street, last night, with fatal results. Mrs. Robillard, 40 years old, and a daughter, were instantly killed. Mr. Robillard, 40 years old, and a son, were seriously injured. The father and son were taken to the Western hospital. They are suffering from broken ribs, several contusions and lacerations. The motorist, who was driving against the curb and the Robillard family were crushed.

The mother and daughter were not so fortunate as the father and son, who were thrown from the car. The father was caught beneath the automobile. It is thought her skull was crushed, as there were few marks on her except a wound in the back of the head.

Miss Robillard became pinned under the street car and was badly injured. It was with some difficulty that her body was extricated.

Mr. Robillard is a dealer in electrical supplies.

**SULZER ANNOUNCES
CANDIDATURE FOR
GOVERNOR OF N.Y.**

New York, June 4.—William Sulzer, deprived of his office as governor of New York by impeachment, formally announced his candidacy for the gubernatorial nomination. His statement was:

"At the request of independent citizens who have organized and who are organizing every county of the state as 'Sulzer nominees' with the 'liberty bell' as their emblem to promote my nomination to the governorship, I have decided to accept their nomination and be an independent candidate for governor."

HUERTA BELIEVES RECEIPT OF ARMS GIVES UPPER HAND

Consignments of Munitions of War From German Ships Arrive in Capital.

CONVOYS CHEERED IN LARGER TOWNS

Refugees Who Found Shelter in American Lines Have Returned to Homes.

Vera Cruz, June 4.—With the arrival at Mexico City of the arms and ammunition landed from the German steamers Bavaria and Ypiranga, with the receipt of the news that another consignment of arms had been disembarked on the west coast, there is said to have been a frank display of optimism at the national palace, and among President Huerta's followers both official and civilian.

Passengers arriving here from the interior declare that the last train bearing the war supplies from Puerto Mexico, where the cargoes were landed, reached the national capital yesterday. A detachment of picked troops escorted the trains and in the larger towns through which they passed the escorts frequently were cheered, many of the people shouting defiance to the Yucatan rebels.

Immediately after the stores had been landed, there was a notable change in the attitude of the rebels. They appeared to have assumed that General Huerta had secured at last the means necessary, and that he would be able to withstand the advances of the constitutionalists.

For the most part the native rebels belonged to the enormous passive element in Mexico, and they were to be afforded protection. Those who have talked with President Huerta are of the opinion that he will be able to turn the receipt of arms into what appears confident now that the tables will be turned and that he will be able to inflict severe punishment upon constitutionalists as they begin crowding in.

Police Captain Emilio Campaña, whom the defendants accused of attempting to shoot them, was acquitted. Albert's political career has been closed, and there was no disturbance after the verdict was rendered.

The two fines imposed on Senator Morales amounted to sixty dollars. Armas must pay an indemnity of \$10,000 Spanish to the Hiva. He refused to sign the sentence after it had been read by the judge.

Armas sent a letter to the house of representatives, declaring that he did not intend to participate in the shooting. He says: "A most dreadful criminal error is being committed in condemning an innocent man."

Armas has recommended his friends to order to the house of representatives to take any action that might endanger the republic. The secretary of the interior issued an order that soldiers shall visit the prisoners and provide with a special guard.

ALLEGED INSULTS TO SPANISH FLAG AT NEW YORK CITY

Madrid, June 4.—Senator Garcia Molina interpellated the government yesterday on the subject of alleged insults to the Spanish flag at New York in relation to dispatches published by the Imperial and Paris. The foreign minister promised to make an investigation.

(Sent by Mail, Postage Paid, for 70 Cents and 6 Certificates)

STEADY GAS FLOW FOUNDER OF WILSON AT FOURTEEN FEET

Nelson, B. C., June 4.—A steady and increasing flow of gas was encountered at a depth of 14 feet last evening, one mile west of Arrowhead, on Halls Landing, when sand was reached at this depth through solid clay. The gas was released and forced its way through with a rushing sound. The well was roughly capped with a barrel into which a 3.8 inch pipe was inserted and a while flame about 20 inches high burned all night.

POLITICIANS ARE SENTENCED TO 12 YEARS IN PRISON

Cuban Former Governor and Representative Sent Up For Murder in 1913.

POLICE CAPTAIN IS ACQUITTED BY JURY

Senator, With Slayers When Chief Was Killed, Assessed Sixty Dollar Fine.

Havana, June 4.—Gen. Ernesto Asbert, ex-governor of Havana province, and Eugenio Ariza, a former member of the house of representatives, were yesterday sentenced by the supreme court to 12 years imprisonment for the murder of Sen. Vidal Morales, chief of the national police. Senator Vidal Morales, who was convicted on two charges, the first firing a shot in the street, and the second carrying a revolver without a license. A fine was imposed.

Police Captain Emilio Campaña, whom the defendants accused of attempting to shoot them, was acquitted. Albert's political career has been closed, and there was no disturbance after the verdict was rendered.

The two fines imposed on Senator Morales amounted to sixty dollars. Armas must pay an indemnity of \$10,000 Spanish to the Hiva. He refused to sign the sentence after it had been read by the judge.

FOREIGN BUSINESS SUSPENSION HURTS RUSSIAN AFFAIRS

London, June 4.—A St. Petersburg dispatch to the Times says business on the bourse is at a standstill, owing to the suspension of the foreign investments. In order to attract capital to the country, the dispatch adds, the emperor is believed to favor the general removal of certain disabilities affecting the participation of Jews in joint stock companies.

ALBANIA DIVIDED BY INSURRECTION INTO FACTIONS

Rebels and Nationalists and Good-for-Nothing Plotters.

Cabinet and the King ARE NOT IN HARMONY

Gendarmes Have Left Posts and Gone Over to Insurgents.

London, June 4.—Doctor Dillon, in a despatch to the Daily Telegraph from Durazzo, says that the situation in the Balkans has grown more entangled than ever, and the situation is again critical. The insurrectionary movement is spreading. Several towns have been captured by the rebels. The commission of control is in Durazzo, but the cabinet is not in complete harmony with the king. A number of the gendarmes have deserted to the rebels and gone over to the insurgents. The peaceful population is divided into Albanians, Italians, and Nationalists.

The insurgents themselves are at odds and are respecting their attitude toward Turkey, and the result of these dissensions is chaos. The whole Albanian people, whose vital interest is order, tranquility, and good government, are now split up into rebels and nationalist groups and insurgents who spend their days doing nothing useful, but planning how to destroy the little achieved by others.

Dalhousie University Meeting.

A luncheon will be held at the Huddams at one o'clock Friday, which all former attendees at Dalhousie University are invited to attend.

WM. MAGADAMS, EDITOR. W. R. WILSON, MANAGER.
EDMONTON DAILY CAPITAL
 OFFICE OF PUBLICATION—DAILY CAPITAL BLDG., 623-625 SECOND ST.
 SUBSCRIPTION RATES:
 Daily, delivered by carrier in city \$4.00. By mail to outside points, by year \$3.00.

BORDEN GOVERNMENT BETRIENDS CONTRACTORS.

It is a fine thing for the contractors, but a trifle expensive to the people of the country, is this policy of the Borden government—a remarkable and novel policy—in regard to the relations between contractors and the government. According to the statement made by the department of marine and fisheries under the direction of Hon. J. D. Hazen "it is the policy of the government to protect contractors from loss in the performance of their contracts."

The fact that this is the Borden policy was brought out at a recent sitting of the public accounts committee at Ottawa when the quotation just cited was given in evidence in connection with a British Columbia case in which a contracting firm received remarkably favorable treatment at the hands of the government. Questioned by a Liberal member as to who was authority for this declaration of policy the chief engineer of the marine department named Hon. J. D. Hazen.

The firm or individual who tenders for work under the present government is, indeed, in a fortunate position, for we have the sworn testimony that the Borden policy is to protect contractors against loss. The big contracting firms are finding the Borden ministers their very good friends. Loose methods in the handling of a public contract need cause the contractor no worry; he will be protected by Mr. Borden and the other ministers. The premium upon care and efficiency in his work is largely removed, and the public interest may easily suffer in consequence as it did in British Columbia when a contracting company was paid hundreds of dollars for "extras" which engineers declared were not earned and second hand machinery was taken off its hands by the government at a price which the purchasing agent of the marine department declared was grossly extravagant. Very many of the contracts awarded by the government go to faithful supporters of the administration; it is the policy of the government to look after its friends. First it gives them contracts; then it "protects" them from loss.

ANARCHISTS AND ANARCHISTS.

The bomb-throwing, dagger-using anarchist of the slums is far above the anarchist of the type to be found among the so-called captains of industry. The most dangerous are not always the failures in life who, embittered by poverty and neglect, throw bombs at the representatives of law and order or try to earn "fame" by the assassination of a monarch or a President. Well-dressed, sleek, successful anarchy is far more dangerous to social order than anarchy in rag, though it is probably not so often recognized.

The lawless men at the top in the United States must do much to popularize lawlessness among those on the lower rungs of the ladder. An illustration of the result of the anarchistic spirit in business is presented by the indictment of Superintendent Wetmore of the Carbon Steel Company of Pittsburgh and four officials of the company for conspiracy to supply inferior steel for the locks and gates of the Panama Canal. It is claimed that Wetmore, who was superintendent of the Carbon Steel company in 1911, and W. K. Bullens, who was metallurgist, together with the other men, conspired to defraud the Government by furnishing an inferior quality of steel to be used in building the locks in the Panama Canal. It is alleged such steel was furnished, and that the ends of the large beams and plates were tempered highly, so that when the Government inspector would chip off an end to analyze he would get a sample of the best kind of steel, while the balance of beams and plates were of inferior quality.

The steel actually furnished, it is alleged by the United States Government, was of such an inferior quality that the huge locks on the canal are liable to go at any time, causing loss of life and of property. That supposedly reputable business men for the sake of a little extra profit should risk the lives of their fellows in the cold-blooded way charged seems almost incredible, yet the fact that they must stand trial indicates a prima facie case against them.

WHY NOT A CAMPAIGN AGAINST HOBOS?

As a means of ridding the province of the undesirable characters who are responsible for such outrages as that at Amisk, in which Justice of the Peace Chivas lost his life, it is suggested that a strenuous campaign be directed against the hobo element. It is the hobo element which causes a large percentage of the crime in the province and which is responsible for the majority of the crimes meriting capital punishment. Why not, therefore, eliminate the hobo? To a large extent this could probably be done. Most of the hobos who give trouble to the authorities in this province do not belong to Alberta at all, but are merely drifting in here on the chance of getting something without working for it. Most of them come in on freight trains, committing depredations along the line as they come, alternately stealing and then jumping the next train that happens along. They are a constant source of danger to themselves and to the community and the cause of much anxiety to the police and railway officials and of loss and annoyance to the public generally. Concerted action on the part of the Mounted Police, the provincial detectives, the police forces in the cities and towns and the railway police would result in the rounding up of such a large number of this class that the rest would become scared. Instructions might be issued to magistrates and justices of the peace throughout the province to impose stiff terms of imprisonment on any hobos who come before them. The hobo does not live in Alberta in the winter time; he goes to warmer climates where nature does not demand that a man must work to live. This simplifies the problem a good deal. Jail might not be unacceptable to the hobo in January, but it would be punishment enough in June. By his method of sharing information regarding the most desirable districts for hobo operations this parasite would soon learn that Alberta was no place for him.

The Adventures of Kathlyn

By Harold MacGrath.

SYNOPSIS OF PREVIOUS CHAPTERS.
 Kathlyn Hare, believing her father, Col. Hare, in Paris, has summoned her. She has been on California to go to him in Alhambra, California. Kathlyn, the daughter of the colonel, has been the American girl who has been the center of the story. Kathlyn, the daughter of the colonel, has been the center of the story. Kathlyn, the daughter of the colonel, has been the center of the story.

When Kathlyn, at the expiration of the time of her stay in Alhambra, California, has been the center of the story. Kathlyn, the daughter of the colonel, has been the center of the story.

Through the pluck and resourcefulness of Kathlyn, the daughter of the colonel, has been the center of the story. Kathlyn, the daughter of the colonel, has been the center of the story.

POLITICAL GRAFT AND DRINK EIL CANADA'S ENEMIES

Outspoken Declarations of Retiring Presbyterian Moderator.

ONLY FOOLS WHO THINK COUNTRY CHRISTIANIZED General Assembly Elects Rev. W. T. Herdridge to Its Highest Office.

Woodstock, Ont., June 4.—Rev. W. T. Herdridge, the eminent Ontario Divine, is the new moderator of the general assembly of the Presbyterian Church of Canada, being elected to that position last night at the opening session of the assembly in Knox church here.

The names upon which a vote was taken were those of Dr. Herdridge, Rev. Principal Scrimmer, of Montreal College, and Rev. Dr. D. D. McLeod, of Barrie. In accordance with the usual custom, a standing vote was first taken as between Principal Scrimmer and Dr. McLeod, the latter being declared the choice. Then a similar vote was taken to decide between Dr. McLeod and Dr. Herdridge, the latter being elected by an overwhelming majority.

Historic Ground. Woodstock, the county seat of historic Oxford, within whose bounds it is situated, are probably more Presbyterian than in any other district of a similar size. In the dominion of the Scotch, a standing vote was first taken as between Principal Scrimmer and Dr. McLeod, the latter being declared the choice. Then a similar vote was taken to decide between Dr. McLeod and Dr. Herdridge, the latter being elected by an overwhelming majority.

At once the elephant was liberated, and the party made off toward the west. The elephant was liberated, and the party made off toward the west. The elephant was liberated, and the party made off toward the west. The elephant was liberated, and the party made off toward the west.

There was a great pow-wow and saluting at the gate, as the sacred white elephant homed into the city. The elephant was liberated, and the party made off toward the west. The elephant was liberated, and the party made off toward the west. The elephant was liberated, and the party made off toward the west.

"Unhah!" said Bala Khan, to his respect. "Bala Khan ruled his hand together. It had been many moons since he had met a tulwar. The colonel examined his revolver closely. This moment that Umballah came within range the colonel intended to shoot. This matter was going to be settled definitely, here and now. So long as Umballah lived, a dread menace hung over Kathlyn's head. So, then, Umballah must die.

Bala Khan was for beginning the warfare at once, but Bala Khan was out of this idea. Let them learn, first, what Umballah intended to do. There was no need of shedding blood needlessly. "You white people must always talk," grumbled the khan, who was a fighting man, born of a race of fighters yet to box the head to the yoke. "It is better to kill and take afterward. I have given my word to protect you and the word of Bala Khan is as sound as British gold."

"For that," said Bala Khan, "I keep your men from the walls," cried Kathlyn, "and bring me the white elephant. I would deal with this man Umballah."

Her request was granted. So when Durka Khan and his soldiers arrived before the closed gates they beheld Kathlyn mounted on the white elephant, alone.

"What wish you here, Durka Khan?" she called down to the man on the richly caparisoned war elephant. "You!" Your father and those who have helped you to escape."

"Indeed! Well, then, come and take us," would speak with Bala Khan, imperiously.

"You will deal with me alone," declared Kathlyn.

Umballah reached for his rifle, but a loud murmur from his men stayed his impulse.

"It is the sacred white elephant, highness. None dare fire at that," his captain warned him. "Those with him or upon him are to sacrifice."

"Tell, Bala Khan," said Umballah, controlling his rage as best he could, "Bala Khan said that I would be his friend, not his enemy."

(Will be continued tomorrow.)

McARTHUR PAYS MORE FOR GOODS FROM WINNIPEG

(Continued.)

be allowed the privilege of tendering for furnishing further supplies, but the reply was that there was no use. To an ordinary person it would seem that that was an unbusinesslike way to carry on operations, as it is natural to try in the cheapest market lies; but it seems that the sub-contractors, who actually do the buying, really do their buying and most of their financial dealings through J. D. McArthur and Company, Limited.

J. D. McArthur is the head of the railway company and head of the two railway companies; in fact, it is well known that the contracting company and both railways are practically one-man concerns; and the same man, at that, in all three cases.

At least some of the supplies for the construction work on the roads is not bought in Edmonton seems a mystery, unless the one-man idea reaches even further than the railway-building business and into the supply yards of the work as well. A capital representative was shown wholesale price lists last week both of Edmonton and Winnipeg houses, and, figuring the freight at the carload rate, or the cheapest rate which could possibly be secured, it was found that the wholesalers could beat those of Winnipeg in nearly every case.

Yet it is stated that J. D. McArthur recently purchased no less than \$200,000 worth of groceries in one order from a Winnipeg wholesale concern, and that the goods will be used by the J. D. McArthur company, which is headed by D. F. McArthur, a brother of the president, and who has the contract for the first 150 miles of the A. and G. W. out of Edmonton.

Banks Have Money Ready. The reason given to local merchants and manufacturers as to why purchases were not made in Edmonton was that better terms could be secured in Winnipeg. The wholesalers, however, state that Mr. McArthur does not need state, as the money to build the roads is better terms could be secured in Winnipeg. The wholesalers, however, state that Mr. McArthur does not need state, as the money to build the roads is better terms could be secured in Winnipeg.

The name of McArthur also shines out as a beacon on a dark night in the case of Grouard versus the Edmonton, Duvergne and R. C. railway. In the case of Grouard, the only town in the Peace River country has a population of upwards of 1,700 people. These people and hundreds who do not live there invested their money and time there they did so with the idea that the railway would build into the town, as it was the only place of any size and are in the whole north country and had a unique location at the end of Lesser Slave lake.

Although the charter given by the dominion government reads that the line shall go along the south shore of Lesser Slave lake, it became plain as construction progressed that Grouard was to be the side tracked if it were in the power of the railway builders to do so. After a long fight, which cost the town considerable, and which was finally carried to the railway department of the dominion government at Ottawa, the railway has been allowed to build its main line past Grouard without touching it.

The people of Grouard and other points appear to have no redress whatever and are expressing opinions not at all laudatory either of the railway contractor or the department at Ottawa. They openly state that on its face the whole affair seems somewhat peculiar, especially as the department at Ottawa did not order a more thorough investigation, having only slight information regarding the circumstances.

Are Asking Questions. The people of the province of Alberta, having made it possible for these railways to be built, are beginning to wonder if a one-man railway company can snap its fingers at the largest town in a district through which its roads pass. They claim that pressure of a people's body should be at once brought to bear to see that the interests of the people who have, perhaps, invested their all and spent years of their lives in certain places, pioneering and building up the country, are protected.

Not only by attempting to side-track the natural tendency to a great extent the future of the north country, state some of the residents of the Peace River country who have lately been in the city.

With the Advnt of the Vacation Season Comes a Sale of Trunks and Suitcases

This is seasonal sale—just when so many people are planning their vacations and summer trips, when suitcases and trunks will be in demand, we offer the following extra special bargains. These special prices are for Friday only.

\$1.75 Mattress Suitcase, Tono Hungary	\$1.75
\$2.50 Fibre Bag	\$1.85
\$5.00 Trunk, for	\$3.50
\$7.00 Trunk, for	\$4.95

The Unemployed in Edmonton
There are many idle and willing to work to build the lines in a hurry, thus eliminating any necessity for bringing any men from outside.

The credit of the province of Alberta has been pledged to the extent of \$16,000,000, with interest, on the railway undertakings in Alberta of J. D. McArthur. The legislature has guaranteed the securities of the Alberta, Duvergne and E. C., and the Alberta

and Great Waterways railways, each for 150 miles, at \$200,000 a mile, and beyond that about 30 miles of grading has been completed. Trains are being run over a skeleton track from the T. V. yards at Calgary about five miles from the center of the city, to Smith, a new townsite put on the market by McArthur. Inside the city situated opposite Port Connally (Murray Landing), on the athabasca river

Work Scarcely Begun
About half of the proceeds from the sale of Edmonton-Duvergne bonds has been used up in the construction that

FARMERS BANK BILL GETS ITS SECOND READING

A. K. MacLean's Six Months
Hoist Motion Lost by
55 to 17.

CROSS VOTING TAKES
PLACE ON BOTH SIDES

R. B. Bennett Supports Bill
While Nickle and La-
marche Oppose.

OTTAWA, June 4.—At quarter past three this morning the house divided on A. K. MacLean's motion for a six months hoist for the Farmers' Bank Bill. The motion defeated by 55 to 17. Messrs. Duncanson, Ross, E. W. Nesbitt, Angus McMillan, Liberals, voted with the government. P. S. Lamarche, conservative, was paired with Hon. J. M. Bennett against the bill. Mr. W. F. Nickle was also paired with R. B. Bennett against the bill.

The bill was then given a second reading. The chief speech in support of the measure on the government side was made by Hon. W. T. Crothers, while Hon. Mr. Lemaire put up the chief argument for the liberals. Mr. Crothers maintained that the responsibility for the wreck of the bank rested upon the shoulders of Hon. W. S. Fielding, who had been warned that the certificate, should not have been issued to Travers and his associates. The government, he said, was under a moral obligation to reimburse the depositors who had lost money.

Mr. Lemaire stated that the proposed to vote \$1,200,000 for the depositors was made by promises made by conservative candidates at the last general election. He described the legislation as immoral and sectional, inasmuch as nothing was being done for the depositors in several Quebec banks which had failed.

Other speakers during the day included H. R. Murphy, R. D. Devlin, David Henderson, Joseph Demers and Major Sharpe of North Ontario. E. W. Nesbitt, liberal for North Oxford, defended Hon. W. S. Fielding, whom he said was not guilty of any negligence. While not in favor of the principle of the bill, he said that a large number of his constituents were affected and he would be forced to vote for it.

One small strip of the coal fields discovered in the anthracite continent contains as much fuel as the unworked fields of Britain.

There are 1584 autos in Wyoming.

SAYS GERMANS ARE BRITAIN'S BIGGEST RIVALS ON THE SEAS

London, June 4.—Sir Owen Phillips, chairman of the Royal Mail Steam Packet line, and a leading figure in British shipping circles, said yesterday regarding Germany's rivalry with Britain for the world's shipping: "On every great trade route of the world you find that German ships are the only formidable rivals to British shipping has to face. The fight for world supremacy in trade is being waged by German and British ships in every ocean."

"British trade is represented by some 300 separate lines with no unity of action, whereas German trade is centered in seven big lines. Behind them, using every power to secure their harmonious working and co-action is the greatest commercial director in the world—the Kaiser."

NOTE IN BOTTLE TELLS FATE OF S.S. LOST IN NOVEMBER

Sault Ste. Marie, June 4.—From a printed piece of paper with green crumpled on it, can be worked out the story of the fate of the steamer Henry H. Smith, which left Marquette in the teeth of the terrific storm in November last, and was never heard from again. The paper was picked up in a bottle by surf men from the Vermilion life station as they patrolled the beach near Vermilion point and read: "Sunday morning—To the Hawgood Company, Cleveland: Finder please return to five east miles of Marquette. We are having an awful time." Signed "Oliver." Not a soul was known to the letter was brought to the ship by the captain of the steamer Caribou, who received it from Light Keeper Carson at White Fish Point, and it will be forwarded to the Hawgood company, who owned the steamer.

BITTER SENTIMENT AIMED AT COLONEL ROOSEVELT IN SPAIN

Madrid, June 4.—An editorial printed yesterday in El Imparcial, the most influential and widely read paper in Spain, declares that the attitude of the government is unwelcome. The El Imparcial recalls that Col. Roosevelt, who is visiting against the Spaniards, and declares that his actions were most friendly to Spain. The paper also reminds its readers of the strong anti-Spanish sentiment which prevailed in the United States at that time, and says that in a circus performance in New York a trained monkey was exhibited trampling on the Spanish flag to the huge delight of the audience.

PARTIES FAIL TO REACH AGREEMENT REDISTRIBUTION

Practically Certain That Bill
Will Not Go Through This
Session.

FIGHT WOULD INVOLVE
SITTING MONTH LONGER

Conservatives Want to Wipe
Out Old Liberal Seat of
Russell County.

OTTAWA, June 4.—It is practically certain that the redistribution bill will not be passed by parliament this session. The special committee of the house which has been working on the boundaries of the constituencies for some months past, held a meeting last night in the hope of being able to reach an agreement to submit a unanimous report to parliament, it having been agreed that if unanimity could not be arrived at no attempt would be made to put a bill through at the present stage of the session. A fight in the house would involve the prolongation of the session for at least a month. When the committee met last night consideration of Ontario, more particularly in regard to Russell county, which the Conservatives proposed to wipe out, was resumed. The Liberals would not agree to sign a report eliminating Russell, which is represented in the house by the Hon. Chas. Murphy. They maintain that it is an old seat with a population exceeding the electoral unit by several thousand, and that it should not disappear from the political map. The Conservatives maintain that as Ontario is losing several seats, several of these in Ontario must be done away with, and that Russell can be conveniently divided amongst the surrounding constituencies. Neither side would give way and the committee adjourned for perhaps the last time, although it is possible that another effort may be made to straighten out the difficulty.

ROOSEVELT LECTURES IN LONDON ON TRIP TO SOUTH AMERICA

London, June 4.—Col. Roosevelt will lecture on his South American expedition before the Royal Geographical society in London, June 14. He will deliver the lecture in the society's theater, where the accommodation is limited, and only fellows of the society will be admitted. Col. Roosevelt does not desire to address a large audience in a public hall.

RECLAMATION OF SWAMPY LANDS IN SUNNY ALBERTA

Ottawa, June 4.—Hon. J. A. Chalmers and Hon. Charles Stewart, representing Saskatchewan and Alberta, held a conference yesterday with Hon. W. J. Roche, regarding the reclamation of swampy lands in the prairie provinces. Crown lands are non-assessable, and the provincial governments find it impossible to carry out reclamation work. After the conference, F. Drake, commissioner of irrigation, was instructed to formulate a scheme to meet the situation, which will be submitted to the provincial governments for criticism, and afterwards, if possible, some arrangement will be made to permit necessary reclamation work.

CHICAGO TO HAVE FIRST WATER AND AIR FERRY SERVICE

Aerial Boats Will Ply Between
City and Parks Through-
out Summer.

TRIP TO BE MADE
EVERY HALF HOUR

Winmer and Vilas Will Inau-
gurate Plan—Ten Minutes
Joy Rides \$10.

Hammondspore, N.T., June 4.—Charles Winmer, one of the flying boat men of the Curtis crew, is starting from here to Chicago to establish, in cooperation with Jack Vilas, the first regularly scheduled water and air ferry service in the world. They, with Curtis aerial boats, intend to maintain a ferry during the summer months between the northern end of Lincoln Park, Chicago and Lake Forest, thirty miles away. They expect the trip each way will take about thirty minutes.

What they are going to charge has not been settled. The city of Chicago has just finished building hangars for the flying boats near the quarters of the Chicago yacht club. Winmer is going to fly the boat of Harold McCormick, who is John D. Rockefeller's son-in-law. Vilas has his own. During the slack hours they will take up joy riders for ten minute trips for \$10.

O'BRIEN TELLS OF ATTEMPT TO TAKE LIFE AT BANTEER

Dissenting Member From Cork
City Writes of Bottles
Strewn in Road.

BICYCLISTS SAVE
THE MOTOR PARTY

Had Car Struck Glass Machine
Would Have Been Wrecked
and Five Killed.

London, June 4.—Wm. O'Brien, member for Cork City, who differs as to many essentials from his nationalist colleagues describes the villainous attack that was made upon his life at Banteer on Sunday.

"As we were coming down a hill," he writes, "we saw three men wildly kicking something on the road immediately in front of our car, and as we dashed past we heard a shout of 'bottles,' which we did not for a moment understand, but our chauffeur looking back saw the road on both sides strewn with broken bottles. What we suspected at the moment has since been placed beyond all doubt that a murderous attempt had been made to wreck our motor car and main or kill five persons. The young men who had saved us were returning home in front of us on their bicycles when they suddenly found themselves up against three rows of bottles carefully arranged across the roadway and had barely time to jump off and kick the bottles to both sides of the road, when our car was upon them. The spot was chosen with diabolical skill at the bottom of the hill down which a motor car at full speed must inevitably have crashed into the bottles before the chauffeur could have stopped himself."

ROYAL SALUTE FIRED AT REGINA SAID TO CAUSE MUCH DAMAGE

Regina, June 4.—The shock of the Royal Salute fired here for the King's birthday is alleged to have injured the health of persons in houses surrounding the lot upon which it was discharged, shaken houses to the detriment of their foundations, broken some windows and killed a large number of chickens. The losers threaten to sue the militia department at Ottawa for damages and to have these salaries paid from outside the city limits in the future.

Buffalo feels and looks better after a successful cleanup week.

CHINESE BRIGAND BURNS VILLAGES AND LOOTS TOWNS

Pekin, China, June 4.—"White wolf," the Chinese brigand, who for months has devastated the provinces of Hu Peh, Hei Wan, and Shen Si, is now looting and burning towns and villages in the province of Kan Su. He eluded the government army and yesterday set fire to the town of Hing Chow. His followers today attacked Tso Chow, in the extreme south of the province and burned it to the ground. The brigands then set fire to the famous monastery of the Tibetan Lhaman at Chen. Subsequent columns of regular troops overtook and defeated the bandits, who fled to the ravines of Lily mountain, 109 miles south of Lanchow, where they are reported surrounded by troops.

FRANCIS QUIMET ENTERS BRITISH GOLF COMPETITION

London, June 4.—The entry list for the British open golf championship to be held at Prestwick, Scotland, numbers 119, as compared with 200 last year. Three Americans are among the competitors, Francis Quimet, the American open champion, who recently lost the English championship, being defeated by a young Englishman and who won the French championship; Harold Weber, of Toledo, and John J. Dermott, the former American open golf champion. Three Frenchmen are also on the list, Alaud Maasy, Jean Gausiat and Yves.

TWO SPECTATORS KILLED AT MOTOR CYCLE RACE MEET

Pittsburg, June 4.—Two spectators, Benjamin Kernochan, aged 28, and the other believed to be Chas. E. Marshall, were killed, and ten other persons were seriously injured last night when a motor cycle ridden by Arthur Armstrong of New York, became unmanageable at the Pittsburg motor-rome and crashed through the railing into the crowd. The crowd, back, right leg and left arm were broken. The others injured, three of them women, sustained broken bones, cuts and bruises. The accident occurred in the final lap of the nine mile race, when Armstrong was running his machine at a terrible speed. Armstrong's condition is critical.

To Edmonton Penitentiary.
Calgary, June 4.—James Stuart McLeod, a clerk in the local branch of the Bank of Montreal, was this morning sentenced to seven years imprisonment in the Edmonton penitentiary by Justice Walsh, having been convicted on Tuesday for attacking a girl four years of age.

A fan has been patented by a Missourian which can be fastened by attaching to the brim of a stiff hat to give additional shade to the face of a wearer.

MANY WOULD LIKE TO ADOPT LITTLE FLORENCE BARBOU

Young Girl Saved From Em-
press is Much Wanted—
Both Parents Lost.

NEAR RELATIVES TO
GET FIRST CHOICE

Felt Man From Child's Home
in B.C. Has Next
Claim.

Quebec, June 4.—The C.P.R. officials here are inundated with letters from every part of the United States and Canada, in which applications for the adoption of little Florence Harbou are made. The story of the rescue of this child with her winning manners and simple ways, and the loss of both her parents, has evidently touched many hearts and scores are desirous of giving her a home. Not only letters but telegrams containing inquiries as to her future and the possibility of adopting her, have been received.

The company, however, is taking no action at present. First relatives of the girl must be heard from. On their decision the matter will rest and when it is felt that if any one has a claim on the child, it is W. Crillen, who comes from Silverton, B.C., where Florence lived. It was Mr. Crillen who took the child when the ship sank beneath them, and, losing her arms around his neck, awoke to safety.

He saved her life and now that her father and mother have gone, he desires to make her his daughter. As yet, however, nothing definite has been done.

Resolute Defeats Vantile

Rye, N.Y., June 4.—Sailing under almost perfect weather conditions, judged from the yachtman's standpoint, the Harloff-designed Resolute defeated Alexander S. Cochran's Vantile, off here yesterday in the second trial race for 75 foot sloops, candidates for America's cup defender in the races set for September against Sir Thomas Lipton's challenger Shamrock IV.

The Resolute's victory over the other boat came after a 25 and a half mile race on the waters of Long Island sound, by a margin of eleven seconds. On estimated corrected time, this was increased 5 minutes 2 seconds.

Collapsible towers, adopted by the German army for searchlights and wireless telegraphs, are so light and compact that two men can carry a tower that extends to 169 feet.

MILLIONS MADE IN OIL

THE wealth produced by an oil well staggers the imagination. In the Beaumont, Texas, field a single well has been sold for one million dollars. A clerk in London invested six shillings in Russian oil stock and received in return profits aggregating about \$2,500. Investors in the Texas field have realized an income of \$1,000 per year from an initial purchase of \$10 worth of stock. No one can yet say how great the Calgary production will be, but those best qualified to judge believe that it will be one of the greatest producing fields in the world. Those who have the nerve and foresight to invest in the Alberta field now are very liable to reap similar phenomenal profits.

THE one greatest assurance of success in oil development, as in mining, is the certainty of sufficient capital to insure the fullest development of the field. The Calgary Alberta Petroleum Company, Limited, Non-Personal Liability, has already 2,080 acres of the finest leases obtainable in the known field, and the Directors have pledged themselves to retain in the treasury enough funds to obtain 7,080 additional acres as soon as new areas are proved. In this way the stockholders will be assured of holdings in every part of the field, and the acreage of this company will be 100 per cent. productive.

BESIDES this, the Company is big enough and strong enough to proceed with drilling operations on every part of its property. Not only one well will be drilled, but several. One drilling rig is already on the way and is nearing Calgary at this time.

The two games were the first base-ball seen here this year. Both teams played air tight baseball at all times and gave their pitchers great support. The pitching, however, was the feature. Buckles allowed Edmonton four hits in the first game and finished so strong that he was asked to pitch the "come back" stunt. He did it and in the evening game allowed Edmonton but three hits, putting his best brand of curves in to the latter part of the last game. None of the visitors got to third base. Spaulding opposed Buckles in the first game and was hit freely and was a little wild also.

In the evening game, Bearman pitched wonderful ball, but his walk were costly. Medicine Hat's first three of the six hits secured off him were for extra bases and came with men on.

The locals won both games in the first inning. In the first game, with two men on, Whaling hit the longest home run ever made on the local grounds and sent over two runners ahead of him.

The evening game was clinched in the first also, when a walk followed a double, sent over a runner. The scores: First game—Medicine Hat, 6 to 0; Edmonton, 4 to 0. Second game—Medicine Hat, 6 to 0; Edmonton, 4 to 0.

Batteries—Buckles and Barth; Bearman and Lemieux.

OLD COUNTRY CRICKET

London, June 4.—Worcestershire were the victims of the most deplorable defeat of the cricket season, when they were beaten by an "innings" and 211 runs by Warwickshire in a county match at Dudley, started on Whit Monday. The match, which took just over two days to finish, was featured by some splendid batting by Warwickshire's retired Captain P. R. Foster who registered the highest score this season with a total 305 not out, while Parsons also hit up a century for the winners with a 102.

In the second innings, Field bowled brilliantly, six of Worcester's wickets falling for two runs, this being the second best performance by any first class bowler.

At Leicester, the Leicester 11 beat Northamptonshire by 214 runs. Coe for the winners batted well, compiling a total of 252 off Northampton's offerings, while Mountney scored, and R. Whitehead, 50, S. G. Smith was Northampton's best batsman with 54 and E. J. Thompson made 52. Somerset defeated Gloucestershire by seven wickets at Taunton. R. L. Biscoed compiled a century for Somerset, his total being 115. Stanley Ripper with 60 and J. C. W. McRivian with 61, were also high scorers. For Gloucester, Tipper equalled his last year's high score with 185, not out, being the exact number with which he headed Gloucester's high score last season. S. O. H. scored 114 with 112.

Edmonton Welsh Dance
A good time is assured those attending the dance to be given by the Edmonton Welsh football club at the City Yacht hall on Friday evening. Arrangements for the evening's entertainment have been completed and dancing will commence at eight o'clock. Refreshments will be served. The proceeds of the dance will be used to augment the funds of the Welsh football club.

Spring Race Meet a Success
In an interview today Manager W. J. Stark of the Edmonton exhibition association, stated that the race meet which concluded on Wednesday of last week, had been very gratifying to the president and directors of the association. Not only were all the events well filled, but also well contested, and the pari-mutuels which provide a means of speculation for those who bet, have again demonstrated their value in raising the standard of racing. No cleaner or better conducted race meet has ever been conducted in Western Canada. To use a racing term, "the horses were all trying."

The race meet was concluded with an extra day's racing for the benefit of the homeless, and was a financial success—returning a profit of over \$3,000 to the Exhibition association.

Game Was Postponed.
The senior soccer game, Swifts vs. C.P.R., billed for the old exhibition grounds last evening, was postponed owing to the non-appearance of some of the players.

Brooklyn, June 4.—(Federal)—Manager Stoval telegraphed President Gilmore immediately after learning of the local fans' decision in the Johnson case, asking if it was advisable to pitch Johnson yesterday afternoon. No answer had come when the game was called and Packard took the mound. Enzeroth, who jumped the Johnny League Monday, caught his first game.

Philadelphia, June 4.—(National)—Philadelphia easily defeated New York here yesterday 10 to 2. Demaree was knocked out in the third inning and Schauer and Schupp were little improved.

Brooklyn, June 4.—(National)—Napp Rucker returned to the game yesterday afternoon and not only led Boston safe but was a big factor in winning a six to three victory for the locals.

Brooklyn, June 4.—(National)—Philadelphia increased its lead in the American league by winning two games from Boston yesterday, the first 10 to 1 and the second 7 to 6. 32 hits were made by the Athletics in the two games.

Pittsburgh, June 4.—(National)—Harmon was wild and had poor support yesterday and Pittsburgh lost to Chicago 4 to 3 for their ninth consecutive defeat, aside from one tie game.

Brooklyn, June 4.—For the third time running the league leaders Brooklyn yesterday succumbed to the Brooklyn, who continued their heavy hitting, knocking Wilhelm and Conroy from the mound in 6 innings. Three pitched good ball.

Cincinnati, June 4.—(National)—St. Louis battled the Cincinnati pitchers hard yesterday and won an interesting game, six to two. Sallee, for St. Louis, pitched good ball.

GUN CLUB TOURNEY

The Greater Edmonton Gun club's fifth annual tournament will be held on Wednesday, June 17, commencing at 9 a.m. The tournament is open to all amateurs, and professionals will shoot for targets only. The rules of the International Association of America will govern and the scores made will be published in the annual records.

A program of thirteen events is scheduled, including five-men team shoot for the P. R. Hoven cup; 50 targets for the Speers-McAfee challenge cup; ten grand aggregate for the Hubert cup; long run competition for amateurs for the Jackson Iron cup.

Two target ideal traps will be installed for the tournament, and the Rose system will be used in the division of prize money. Refreshments will be served on the grounds.

The following officers will be in charge: President, J. A. Pollard; Vice-president, Captain Robinson; Captain, George Speers; secretary-treasurer, J. P. Pollard.

Edmonton Welsh Dance
A good time is assured those attending the dance to be given by the Edmonton Welsh football club at the City Yacht hall on Friday evening. Arrangements for the evening's entertainment have been completed and dancing will commence at eight o'clock. Refreshments will be served. QUAKERS HAND BRONKS DOUBLE DEFEAT, WINNING 12TH STRAIGHT GAME—SAMMY BEER'S EIGHTH WIN

Beer Allowed Only Two Hits in First Game and Struck Out 10 Men. Frink Batted from Box in Second Inning.—Piper and Chick Each Fined Five Bones by Umpire Wheeler.

Saskatoon, June 4.—Both ends of yesterday's double header went to the Quakers, making a clean sweep of the series for the locals and bringing up their total of wins to 12. Sammy Beer's home run with a man on in the second was the feature of the game. Kallio was inclined to be wild and in the ninth with the bases full, and one out, Cadreau was put in. He retired the side with two strikeouts. In the first game Piper and Chick were fined 45 each for arguing with Umpire Wheeler.

First game—Saskatoon, 6 to 2; Quakers, 0 to 0. Second game—Saskatoon, 6 to 2; Quakers, 0 to 0.

COMMISSION WILL INVESTIGATE THE FAVORITE CHARGE

Will Ask Statements From All Superintendents Concerning Dismissal of Men.

BOOTH ADVISES ONLY SLIGHT CURTAILMENT
Declares That Department Heads Should Look to Efficiency in Their Work.

A systematic investigation of the alleged showing of favoritism by the heads of various city departments is to be taken up by the city commission. A resolution requesting that the heads of the departments be asked to state the reasons for the dismissal of men, was introduced by Commissioner Booth at the regular meeting of the commission this morning. Inquiry is to be made as to the dismissal of employees under conditions and on. In case of this kind there could be no specific reason for dismissal, but it is believed that if there is a man in a department who cannot get along with the department's head, the superintendent should be allowed to dismiss him. To have efficiency it is necessary that some one man be responsible for the operation of a department. If it is to be held responsible he should be allowed to see that conditions in his department warrant the best of work. There are cases where the privilege might be abused but I believe that so long as it is not abused the department heads should be given pretty free rein in this direction.

Besides the regular routine of business that is before the commission there was a new minimum rate submitted by the plumbers and steamfitters union and that of the structural steel workers. In the case of the first the union minimum is at present 60 cents an hour, and in that of the steel workers 45 cents an hour. In both instances the new schedule is 62 1/2 cents an hour. The statement read that the employers of this class of workmen in the city are willing to agree to the scale. The matter will be taken up with the organization of employers and probably will be acted upon at the next meeting of the commission.

Local Bank Clearings.

The Edmonton bank clearings for the week ending June 2nd were \$3,250,211, as against \$4,775,592.75 for the corresponding week last year.

EDMONTON PROPERTY OWNERS' ASSOCIATION CALLS MASS MEETING

The executive of the Edmonton Property Owners' Association decided last evening to call a mass meeting of its members for tomorrow evening in the old Presbyterian church, to discuss the raising of the city water and telephone rates and other important matters. All members are requested to attend.

Special Memorial Services

The Salvation Army will hold a special memorial service in memory of those who were lost on the Empress of Ireland, at the Panjagat theater on Sunday evening at 7 o'clock. A number of prominent speakers will be present, among them Dr. Riddell, of Alberta college and a program of special music will be rendered.

JOHNSTONE WALKER'S FRIDAY BARGAIN NEWS

Plain Facts Concerning Friday's Offerings as Vouched for by the Advertising Staff

WE have "covered" the store as a "POINTER" Does the autumn fields in search for FEA- THERED PRICES and with the greatest success. In almost every section of the store remarkable values were discovered. Below we tell the news as we gathered it, chapter by chapter, and, being the judge and jury as to the fitness of things as we found them, we stand sponsor for every value offering for the day. In dozens of instances we secured prices that took no count of profit and cut well into cost. Here's the news in detail—study it carefully.

Women's SILK HOSE 69c
Regularly \$1.25 and \$1.50

PURE silk hosiery at the usual price of fine cashmere and listle thread is a bargain for which women will not have to be urged to shop early.

They are in Panama and a reliable German made in pure thread silk in tan, pink, sky and mauve. Sizes 3 1/2 to 9 1/2. Regularly \$1.25 and \$1.50. Friday Bargain **69c**

No Phone Orders.

HAND BAGS at \$1.19--reg. \$1.75 to \$2.25--Smart Styles in Leather

THIS Bargain news concerning handbags will undoubtedly prove one of the day's most popular offerings.

They are made of genuine black seal grain leather with soft pliable leather lining and leather strap handles; mounted on German oxidized frames, fitted with coin purses. Sizes 8 by 8. Regularly \$1.75 to \$2.25. Friday Bargain **\$1.19**

Regular 35c and 40c Purses, Friday 25c

IDEAL Purses for children, for holding handkerchiefs and small change, made of suede leather in brown, green, tan, grey or black; mounted with metal frame and strong clasp; silk cord handles. Regularly 80c and 40c. Friday Bargain **25c**

DRESS LENGTHS in the Season's Newest Fabrics at Bargain Prices

WHEN we came across these beautiful dress lengths, during our search for values of the extraordinary kind for Friday day selling, we must admit we were simply astonished to find such magnificent new weaves in the season's latest collingings offered at the remarkable low prices we found them marked. The advertising Department is prepared to vouch for every length as being a bargain in the truest sense of the word.

Beautiful Dress Lengths of Silk or Satin \$3.75

This price offers women choice of some of the leading weaves and shades in silks or satins. Fabrics suitable for dresses for all occasions, viz: Paillette and mesaline silks, Honan, Pongee and Shantung silks and Duchesse satins, in lengths from 5 to 7 yards according to width. Regularly \$1.00 to \$1.25 per yard. Friday Bargain per length **\$3.75**

Dress Lengths of Lovely Wash Fabrics at \$1.50

Women planning cool summer dresses for home or street wear, wash skirts or suits, will meet with a pleasant surprise when they see these handsome fabrics. Included are cotton crepes, piques, Bedford cords, diagonal suitings, pongees and linen suitings in a good range of desirable shades. Per dress length, Friday Bargain **\$1.50**

Handsome Suit Lengths of Cream Serge at \$3.95

Once women place their hands upon these lovely imported suitings, they'll recognize them as bargains without being told. They are of the all wool in French and English makes in lengths of 4 to 5 yards, according to width. Regularly \$1.00 to \$1.25 per yard. Friday Bargain per length **\$3.95**

New Novelty Dress Lengths Bargain Priced \$2.50

A selection of 50 or more of the season's newest novelties, suitable for dresses for any occasion. Among them you'll find French crepes, plain and brocaded poplins, ruffles and mulls in all the new plain shades. Some self designs. Regularly 65c to 90c per dress length. Friday Bargain **\$2.50**

We Thought the Buyer Exaggerated This Bargain in Dresses

BUT WE WERE VERY MUCH MISTAKEN when we come to inspect them. They are just as good, pretty and stylish as the buyer claimed them to be, and even more so. And, as a matter of fact, from a business point of view, it seems a shame to let them go at this price. However, it's only for the one day.

Dainty new Dresses, suitable for the warm summer days, fashioned in fine French striped voile in shades of blue and white or black and white or white and black, and in all the latest embroidered muslins in half a dozen different styles, with the new drop shoulder or set-in sleeves, low flat collar and sleeves finished with turn back cuffs, and straight two-piece skirts. They are trimmed with dainty lace or colored ratine collar, cuffs and belt or with lace and buttons. Sizes 14 to 42. Friday Bargain **\$3.50**

Cool Summer Blouses, Bargain Priced 85c

They are made of fine embroidered, dotted and check Swiss muslins in a variety of styles, made with the new flared collars, or collarless, and short sleeves, while others are featured with high collars, and some are trimmed with fine lace insertion and eyelets. All sizes. Friday Bargain **85c**

We're Satisfied You'll be Satisfied With These Footwear Bargains

A FEW MINUTES SPENT looking around the footwear section thoroughly satisfied a member of the advertising staff that the Friday Footwear Bargains offer savings which are as not to be found in any other store in the city. And as the buyer claims they are evenly better values than comparative prices would indicate as they were specially bought and closely marked in the first place.

Girls' Fine Shoes at \$1.65 and \$1.95

Neat dressy shoes for school or special occasions, made on easy fitting lasts in calf, gunmetal or violet in black or tan in button or blucher style with sensible heel and medium weight soles. Sizes 8 to 10 1/2. Regularly \$1.95 to \$2.50. Friday Bargain **\$1.65**
